Gyan Guru Pvt Ltd - Admission Record

Admission Details

Name:	SAURAV JYOTI SARKAR
Course:	MBBS
Roll No:	3115411567
Score:	543
Date of Birth:	2021-04-23
Gender:	
Mobile:	8822185799
Father:	Subhash Sarkar
Mother:	uktt
Email:	ronniesaurav17@gmail.com
Address:	Japorigog 44
Religion:	Hindu
Previous Appearance:	Yes
Previous Roll:	2022
Bank Name:	ICICI
Account Name:	Saurav Sarkar
Branch:	RR Nagar
IFSC:	ICIC0004938
Account Number:	245601501609

Schools Attended

10th School Name & Address:	kutuk
11th School Name & Address:	kjgkuj
12th School Name & Address:	iouio

Primary Responsibilities

- Participate in design decisions for new and existing application development, proactively escalating issues and seeking assistance to overcome obstacles.
- Prepare and provide project status and risk assessments to their manager with appropriate levels of detail to ensure that programs stay on schedule.
- Actively develop software solutions for PDI products

- Perform testing to ensure systems meet documented user requirements.
- Use a disciplined approach in an Agile environment to assist in analysis and determination of preferred solutions to technical challenges.
- Troubleshoot, test, and validate software issues; resolve issues with due urgency and maintain thorough documentation of all software solutions.
- Compile test results to provide data for use in solving problems.
- Perform engineering-level tests to find defects; troubleshoot and debug development and production issues, collaborating with QA Engineers to develop optimal product test plans.
- Work with Product Owner to clarify and estimate feature work.
- Work with QA Engineers to develop optimal product test plans and resolve new feature issues as QA finds bugs during release stabilization.
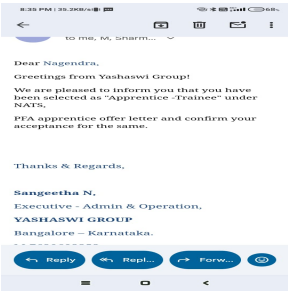

Qualifications

- 4-6 years' experience designing and developing new or maintaining existing software applications in a software product development environment.
- Good proficiency required in one or more of the following: C++ SQL server.
- Familiarity with .Net and C#
- Familiarity with the Microsoft Visual Studio IDE and the use of Azure DevOps or Jira
- Practical experience with SDLC and Agile methodologies
- Highly motivated self-starter with a desire to help others and take action.
- Requires strong written and verbal communication skills with the ability to translate technical concepts into non-technical terms.
- Ability to independently work as a contributing member in a high-paced and focused team.
- Ability to multi-task and prioritize tasks with competing deadlines.
- Strong problem-solving and analytical skills with the ability to work under pressure.
- Ability to socialize ideas and influence decisions without direct authority.
- Collaborative in nature with a strong desire to dig-in and learn independently and as well as through asking questions.
- Considers 'best-practice' standards, as well as departmental policies and procedures.
- Computer science fundamentals: OOP, design patterns, data structures & algorithms
